

So you may get this call...

The Town of Sylvan Lake has partnered with the Parkland Airshed Management Zone (PAMZ), to undertake a survey to measure “vehicle idling” awareness in the community.

In doing so, we’re asking residents of Sylvan Lake to tell us about their idling habits, and awareness of the health and economic issues associated with idling. So, you may get this call from our research partner with a request to answer a couple questions... please, kindly spare us a minute!

Questions or comments?

Fill out our online contact form, found under “Contact Us”, at www.sylvanlake.ca, or call us at 403 887 2141.
